

WARRANTY

DARVOLEX-Eco 6-year limited warranty:

The manufacturer warrants that its DARVOLEX-Eco products will not rot, split, or suffer structural damage from fungal decay or termites, for a period of 6 years, when installed according to the instructions and under normal use and conditions.

Manufacturer is not responsible for, and warranty will not be covered for:(1) improper installation of, and failure to follow DARVOLEX-Eco installation guidelines; including the recommended gaps between the profiles;(2) damages when transporting or damages caused by hits to the profiles;(3)molding caused by neglected usage;(4)deformations or cracks caused by improper cutting and fitting of the profiles during installation that are damaging to the structural design;(5)the use of DARVOLEX-Eco as a structural lumber or industrial flooring;(6)acts of God (such as earthquakes, flooding, fires, etc.), slight color change or fading;(7)any shift or distortion of the ground upon which the DARVOLEX-Eco products are installed;(8)normal wear and tear, not exceeding the technical specifications of the product.

Exclusions of warranty coverage:

-misusage, application, change or treatment that is not approved from manufacturer.

-warranty is valid for DARVOLEX-Eco products only. Manufacturer is not liable for labor and other expenses incurred by purchaser or for other products used in combination with DARVOLEX-Eco.

To receive this warranty, the customer must fill the [registration warranty form](#) within 30 days from purchasing of DARVOLEX-Eco from manufacturer or licensed distributor.

Recommended maintenance of DARVOLEX-Eco:

-For a regular cleaning only a deck brush and water are needed.

- In case of severe snow accumulation, the removal of the snow is strongly recommended. Melting and refreezing of the snow could cause damages to DARVOLEX-Eco.
